EXPERIENCE

- AdvinGosys**(Oct/2024 - Dec/2024)
- Built a full stack web application during my internship using Java Spring Boot, React, and MySQL.
 - Deployed the application on AWS (EC2, S3, RDS), ensuring scalability, reliability, and smooth cloud operation.
 - Integrated AI-based chatbots using NLP to handle real-time user queries and automate request/response workflows.
 - Worked in an Agile environment and collaborated with cross-functional teams using Zoom, Slack, and Jira.
- Mockello**(Dec/2025 - Feb/2026)

- Built a full-stack placement and recruitment web application using React, FastAPI, and AI integrations to connect students, colleges, and companies. Deployed the application on AWS (EC2, S3, RDS), ensuring scalability, reliability, and smooth cloud operation.
- Enabled student profiling, company referrals, job postings, and application management with role-based access.
- Implemented AI-powered aptitude tests, coding assessments, group discussions, and live interviews using LiveKit. Streamlined campus hiring workflows by digitizing placement drives, eligibility screening, and interview processes.

PROJECTS

- Advingosys** Designing and developing a critical web application using Java Full Stack technologies (Spring Boot, React, MySQL). Integrating AI-based bots to manage real-time user interactions using Natural Language Processing (NLP), facilitating intelligent automation of request/ response workflows.
- ServeSmart** Developed a mobile application to display restaurant menus using QR code scanning. Integrated a QR code scanner to provide instant access to digital menus. Implemented Expo for rapid development and cross-platform compatibility.
- ExpenseIQ** Developed a cross-platform mobile application for tracking daily expenses and managing budgets. Implemented Redux for efficient state management, ensuring seamless data flow and performance. Designed an intuitive UI/UX for easy expense categorization and visualization.

EDUCATION

- Bachelor of Engineering**• GPA-7.6(2022 - 2026)
Sri Venkateswara College Of Engineering, Sriperumbudur
- Higher Secondary Certificate (HSC)**• Percentage-80(2019 - 2021)
Kendriya Vidyalaya HVF, Avadi, Chennai-54

CERTIFICATIONS

- Foundation Of Python**• Infosys SpringBoard
- Full Stack Development**• Fita
- React Native**• Udemy

SKILLS

- Databases :** MySql, MongoDB, DB2
Programming languages : Javascript, Java, Python, C
Web Technologies : HTML, CSS, React, GSAP, Three.js, RestFul APIs, Node.js, Ajile Method
Tools : Postman, Figma, Blender, Git
Cloud technologies : AWS, Vercel
